

Sailor Free sail in free waters since 1991. Their music has been described as art-rock, progressive, psychedelic hard rock, alternative and much more.

With two albums ("**Sailor Free**" 1992 - Tide Records, Italy and "**The Fifth Door**" 1994 - The Laser's Edge, USA) and a number of tours in Italy and Europe, always winning great attention from public and critics, Sailor Free have been quoted of music personality and a great live set.

In 2010 Sailor Free rejoined, in a completely mutated world, to work on a concept-album about a possible profound cultural revolution they love to imagine.

"We have been inspired by J.R.R. Tolkien's "The Silmarillion", the story of Beren & Luthien in particular, that had been the subject of some writings through the years for some of us. A story of love, share and an impossible quest looked good in such a dystopian present time. Then we started writing our story, placed in an early future, in a world divided in Casts, where our heroes and the Spiritual Revolution Messengers fight to get Entropia, a device that could give free energy for the whole world."

In 2012 Sailor Free published **Spiritual Revolution part 1** (TIDE Records), the first part of the concept-album, as the written material both in terms of story and songs was too much for a CD.

In 2015 Sailor Free released two singles: "**Amazing**" and "**Special laws**", extracts from the forthcoming album **Spiritual Revolution part 2**. The new album features new musicians together with historical members of the band. The sound confirms the route of fully creative freedom, that has always been one of the main distinctive feature of Sailor Free's project.

"The story of the Spiritual Revolution Messengers and their fight to get Entropia, a device that could give free energy for the whole world leads to its conclusion. Than everything change, and suddenly you realize you are playing the lead role, you are the hero and the hero is you, as it is Entropia. A kind of displacement. Now you know that you are the player and the listener, and the player is the play and is you. Now you are Entropia and Entropia is you, and you can change everything..."

PRESS EXTRACTS

This new album from Sailor Free might well make my best of 2016 list.

It's such cool modern prog.
(Music Street Journal - Gary W. Hill - USA)

And what is also very important, the sound of this recording is just amazing.
It has a transparent sound quality... As reviewer and open-minded music lover
I enjoyed listening to this enthralling album very much.

(progVisions - Douwe Fledderus - NL)

A great rock album, to listen from beginning to end... A must-have.

(Classix - Mauro Furlan - IT)

... there are easily a half dozen very memorable tracks that kept me
coming back for repeat listens again and again.

(Exposè - Peter Thelen - USA)

I recommend this band to the widest possible audience, first of all to those who
appreciate originality and true artistry. Bravo, Sailor Free!

(Recyclable Sounds - Raigor - RU)

Spiritual Revolution part 2 is a classy Prog album that I enjoyed listening to from beginning to end...

Highly recommended indeed!!!

(Proggnosis - Marc - USA)

...this is an album best listened to in full.

It is definitely an entertaining example of modern prog.

(DPRP - Patrick McAfee - NL)

An album that will teach to many conservatives what can truly be "Progressive" today.

(MAT 2020 - Alberto Sgarlato - IT)

Spiritual Revolution part 2 offers plenty of variety... with atmospheres between despair
and melancholy but also hope. An album that you have to get involved with.

(Proggies - Daniel Eggenberger - CH)

Sailor Free' proposal has the freedom and the vision of the great prog bands of the 70's...

(Urlo - Flavio Talamonti- IT)

An interesting mosaic of modern sounds... a very satisfying album.

(Profil - Denis Boisvert - CA)

Dark, warm and appealing, and very well produced too, this is a quality example of
contemporary progressive rock of the kind that should have a wide general appeal.

(ProgressoR - Olav Bjornsen - UZ)

Over time, this music developed almost an hypnotic effect.

You feel excited, without one could say exactly why.

(Betreutesproggen - Juergen Meurer - DE)

This album has to be consecrated and placed in our music collections, whatever they are.
(Psycanprog - Raffaele Astore – IT)

This record is very good.
(Colossus - Tero Honkasalo - FI)

Either way, this fine album can easily stand alone musically!! Now go buy!!
(Progplanet - Tonny Larsen - DK)

... the album is beautiful once again.
... you will find yourself almost moved by these sounds so varied, intense and vital,
expression of class, talent and an enormous communicative energy.
(Metal.it - Marco Aimasso - IT)

Un album basé sur l'imaginaire, en cela une vraie réussite... objectif tenu:
celui d'éveiller votre curiosité.
(Highland Magazine - Jean-Pierre Schricke – FR)

"Special Laws" is where you feel the beautiful presence of jazz through the piano
beautifully framed by the drums and the rhythm of the song, wonderful.
(Musica Progresiva - Lily Belgu - AR)

On "Spiritual Revolution part 2" Sailor Free create versatile and skilful Art rock
with imaginative arrangements and creative Instrumentals...
(Babyblau - Siggy Zielinski - GE)

A very good album again.
(Rock Impressions - Giancarlo Bolther - IT)

... it makes you want to listen to the whole story from the beginning.
(Neoprogram - JC Le Brun - FR)

Sailor Free have solid foundations but they don't fear to face modernity.
(Progressivamente - Luigi Cattaneo – IT)

Sailor Free does it very well, playing high quality progrock with great vocals in a
massive sound/production.... you have to listen to it from start to finish and that is
definitely no problem with this great record. Recommended to the progfans!
(Strutter - NL)

Highly recommended for those who want surprises from music.
(Nonsolo Progrock - Massimo Salari - IT)

A band with an original sound.
(Acid Dragon – RR – FR)
